

Group meeting for volunteer observation ship data analysis

Monday, March 17

10:00-12:00, 13:00-14:00

Join to other sessions

(Seminar room, 2F, Climate Change Research Hall)

14:00-16:40

Y. Nojiri (NIES, Japan) History and outline of NIES volunteer observation ship program

B. Tilbrook (CSIRO, Australia) CSIRO ocean pCO₂ observation activity

H. Tsumori (NIES, Japan) pCO₂ data from Transfuture 5 observation

Discussion about ocean pCO₂ observation by VOS

16:40-17:00 Break

17:00-18:00

Y. Tohjima (NIES, Japan) O₂/N₂ observation using VOS and ground based stations

Y. Terao (NIES, Japan) Sampling and measurement of ¹⁴C in CO₂ over the Pacific

Tuesday, March 18 (Conference Room, 1F, Climate Change Research Hall)

9:00-12:00

Joint session with GAW/Atmospheric Observations

Wednesday, March 19 (Seminar room, 2F, Climate Change Research Hall)

9:00-12:00

Meeting for NIES-NIWA-CSIRO collaboration using M/V Transfuture 5

Discussion about long term use of VOS platform for carbon and climate observation
